## ELECTION DAY.

Monday last was election day in Edmonton, the first in the municipal history of the place in which any very great interest was taken. The election for school trustees being held at the same time added to the number of candidates, complicated the issues and of course increased the interest. The poll was opened promptly at 9 o'clock standard time in the council chamber. A. G. Randall acted as returning officer and St. George Jellett as deputy. S. S. Taylor and C. M. Woodworth were scrutineers for Mr. McDougall for the mayoralty and Messrs J. D. Clark and Alex. Taylor scrutineers for Dr. Wilson. Two ballot boxes and two sets of ballot papers were used, one for the council and the other for the trustee election. The council ballot papers were white and the trustee papers pink, so as to avoid confusion. The voting opened briskly, the ante room being crowded until about three o'clock in the afternoon, from which time the count was slow, as the bulk of the votes had been polled. Owing to the peculiar reading of the ordinance grave doubts existed as to the validity of certain votes which appeared on the voters list and as these were the votes that wanted to get in first, there were many challenges and a good deal of hard swearing both inside and outside the polling place. The numerous challenges at the beginning caused so much delay that at one time it appeared that all the votes could not be put in. However as the challenges became fewer and matters ran more smoothly the votes went in more quickly and there was plenty of time. All the lady voters in town cast their votes early in the day, and were allowed precedence by the waiting and impatient crowd at the door of the polling place. A very full vote was polled, within fifteen or twenty of the possible limit. Although the interest was great the town was very quiet even around the polling place and there were scarcely any drunks on exhibition during the day. The count of the ballots commenced as soon as the poll closed, in the presence of the candidates and their scrutineers only. Those for the mayor and council were counted first, with the result which appeared in the BULLETIN of last issue. The school ballots were then counted with the result which also appeared in last issue, but in the school ballot box was found a council ballot, deposited there by mistake, which gave one vote more to McDougall, Bellamy, Kelly Cameron, Sutter, Hutton and Osborne. This broke the tie between Kelly and Strang and between Picard and Bellamy and made the result as appears below:

|            |     |
|------------|-----|
| Wilson,    | 129 |
| McDougall, | 91  |
| Edmiston,  | 175 |
| Kelly,     | 120 |
| Strang,    | 119 |
| Cameron,   | 114 |
| Bellamy,   | 111 |
| Picard,    | 110 |
| Sutter,    | 108 |
| Hutton,    | 105 |
| Osborne,   | 68  |

As soon as the result was announced a procession of supporters of Dr. Wilson was organized, in front of the Alberta hotel with blazing brooms and parts of the two brass bands. The new mayor was chaired and carried down Main street to the Columbia hotel and back again as far as the Imperial bank calling at the several hotels on the way thence to the Alberta, where a banquet was given by Count de Cazes, and a large number of the friends of the successful candidate were entertained until a late hour. At the conclusion of the banquet Dr. Wilson was escorted to his residence by the more enthusiastic and noisy of his friends, carrying torches and beating drums.

## THE CIVIC ELECTIONS.

Monday's elections resulted in a general shaking up of the council and school board. Of the seven members of the new council only two, Messrs Strang and Picard, were on the council of last year. This is Mr. Strang's fourth consecutive election, always at or near the head of the poll, and Mr. Picard's second term. Mr. Cameron was a member of the council for the first two years in the existence of the town as a town, and has very large interests chiefly in the east end. Messrs. Edmiston, Kelly and Bellamy are new members, and the large vote they, and especially Mr. Edmiston, received, shows that they enjoy the confidence of their fellow citizens in a very large degree. It may be mentioned that Mr. Bellamy, whose name appears on the list of successful candidates for both council and school trustee, did not solicit a vote for either position, which shows that the good opinion of a candidate's fellow citizens is sometimes as valuable in an election as an energetic canvass, which is popularly supposed to be the only road to success. Mr. Kelly is well known as a man of energy and business ability, and his election is no surprise. The large majority accorded Dr. Wilson for mayor leaves no room for argument as to who is elected, and the fact that the majority was secured by having a good start, excellent organization and hard rustling does not detract from its present value. Dr. Wilson has large interests in Edmonton, he has been elected on the platform of economy, and there is no reason why he should not fill the position satisfactorily during the current year. At the same time the BULLETIN cannot but think that it is a bad precedent to defeat a man who had already served the town faithfully and well,—a man of undoubted ability and against whom absolutely nothing was or could be publicly urged—in favor of a man entirely new in municipal affairs. As before stated in these columns, it destroys one great inducement to faithful service, which this or any other town cannot afford to destroy. However, Mr. McDougall received a good substantial vote, and considering his late start in the campaign and the more effective tactics of his opponents together with over confidence and consequent laxity on the part of himself and friends, he did well. Of the defeated candidates Messrs. Sutter and Hutton were close behind the winners. Mr. Sutter's defeat is generally regretted, as he had served one year in the council and had given the best of satisfaction. Mr. Hutton polled an excellent vote, especially considering that he is only a recent resident of the town, and that this was his first offer for public honors. But Mr. Hutton has been a resident of the district for years and his large interests in town were a guarantee that he would do all that could be done to advance the interests of the place. Mr. Osborne's defeat was no doubt assisted by the fact that he holds a position under the Dominion government, and although has large interests in Edmonton, there is a feeling that government officials should not meddle in municipal politics.

As was generally understood the question of a school building and site was the issue in the trustee elections. Indeed the contest on this issue was the hottest feature of the election outside the mayoralty. Mr. McCauley who headed the poll—and has been a trustee since 1882,—staked his election on a brick school house on the McDougall street site, while Mr. Sander-son who staked his election on a frame ward school on Nemayo avenue, was defeated. Therefore if the election decided anything besides the men elected it decided the

question of school and school site. Mr. Cameron who came next to Mr. McCauley in votes has been a trustee continuously for a number of years. Mr. Bellamy was a member of the school board two years ago, and as mentioned before is also a councillor for this year. Messrs. McCauley, Cameron and Bellamy are elected for two years and Mr. Lauder for one year. Mr. McDougall, who has been a member of the board of trustees for a number of years, is one of the defeated candidates. This is not surprising when the amount of capital that was made against him in the mayoralty contest on account of his taking part as a member of the school board in the selection of the McDougall street site is considered. No doubt like capital was made against him by his opponents for the mayoralty in his candidature for school trustee. The mixing up of two distinct questions in the one election is a mistake if the object of an election is to secure a straight judgment of the ratepayers on each of the several questions. There is bound to be more or less ticket voting which, as shown in the States, where it is carried to an extreme, is distinctly subversive of good government. Mr. Goodridge, who was a trustee candidate, was a new man and polled a good vote.

## FLAX.

The following letter respecting the cultivation of flax received recently by Mr. Kirkpatrick, manager of the Imperial bank, from J. A. Donaldson, lately Dominion immigration agent at Toronto, contains information and suggestions that are well worth the consideration of the farmers of this district: Mr. Donaldson says: Hearing of the fine quality of the land and other advantages in your section of the Northwest has lead me to the conclusion that since the price of wheat is low, if the farmers in your district would give their attention to the cultivation of flax they would find it a great advantage, as I see by the Winnipeg paper that the price of flax seed has been as high as \$1.50 per bushel, but never lower than a dollar at any time. At the same time it is four pounds less to the bushel than wheat. The Mennonites are the principal growers in the Northwest and they send large quantities of the seed to Canada to the large manufacturing mills of James Livingstone of Baden in the County of Waterloo, a station on the Grand Trunk line some fourteen miles from Guelph. In the year before last he received no less than 150,000 bushels from them and last year over 100,000 bushels. There is also a mill in Winnipeg which converts the seed into linseed oil and cake for feeding cattle. Around Mr. Livingstone's district at Doon mills, there are some 50 scutch mills at work converting the fibre into thread for making linen. But with you the seed is the simplest process for the farmers to try as it requires but little attention, being a spring crop. From the sowing of half a bushel of seed the Mennonites get from 20 to 25 bushels to the acre, and they cut it with their reapers the same as any other grain. I have no doubt it can be carried by the C. P. R. at a very reasonable rate per bushel, as it ought to be in the interest of that company to encourage this branch of Canadian industry, when it is likely to remunerate the farmers who are suffering loss in the low price of wheat, and no likelihood of its being any higher at least in the near future. Let the farmers try a few acres the first year. I know one party near Winnipeg who will sow 160 acres on his large farm next spring.

## GENERAL NEWS.

The Calgary Herald is of opinion that a general Dominion election is at hand.

Kennedy was re-elected mayor of Toronto, by 20 majority. Fleming's friends are having a recount.

A cow suffering from tuberculosis has been slaughtered in Winnipeg by authority of the veterinary.

An association for the relief of the poor of Winnipeg has been formed, with A. MacDonald ex-mayor, as president.

Daniel Campbell, ex-M. L. A. for White-wood, Assa., has been brought from Chicago to Regina, under arrest.

A heavy snowstorm prevailed in Southern Europe on Jan. 11th. There was seven feet of snow in the streets of Vienna.

G. T. Marsh was elected mayor of Regina by acclamation. W. Colman was elected mayor of Lethbridge by acclamation.

H. Collins, founder of the P. P. A. in Vancouver, has been elected mayor, beating Alderman McDowall, labor candidate, by 400.

The C. P. R. is reducing its train service on its branch lines in Manitoba. This in pursuit of the present policy of retrenchment.

F. W. Heubach has been appointed secretary treasurer of the Winnipeg industrial exhibition in the place of J. K. Strachan.

Owing to the recent warm weather at

the coast the Fraser river has risen two feet higher than during last year's floods, causing great inconvenience and some loss.

Since the late Toronto fire the insurance companies are threatening to increase rates 50 per cent on all buildings over four stories high and 25 per cent. on all others if the city does not at once purchase four new steam fire engines, two aerial trucks, and increase the fire brigade.

A Winnipeg dispatch says: George H. Ham, formerly connected with the press of this city and one of the best known and ablest journalists in Canada assumed control of the Nor-Wester yesterday. The paper in future will be distinctly Conservative in politics. It is understood the new editor has such strong financial support as to assure permanence and rapid advance.

THE C. P. R. have reduced the staff in their Montreal shops from 1500 to 400 men. As a result of the dismissals there is considerable misery and much complaint. A large number of clerks, train men, telegraph operators and other employees of the C. P. R. in Ottawa and vicinity have been laid off for three months. The dispatch says: "This order comes with stunning effect as they have no provision made for themselves or their families during the winter." The Nor-Wester makes mention of a scheme which is being proposed in Winnipeg whereby discharged employees are to be assisted to establish themselves on farms in the Edmonton or Dauphin districts.

Fire started on Jan. 10th, in the Osgood building on Melinda street Toronto, in close proximity to the ruins of the fire of last Sunday. Osgood building was soon destroyed and the flames spread west and southwest to Wellington street, and in less than an hour burned the following places: R. H. Gray & Co., furs; E. Doisseau & Co., clothing; Robert Darling & Co., wholesale woollens. The fire then crossed Wellington street to Hunter, Rose & Co., printers and wholesale booksellers, Hart, & Riddell, wholesale stationers, and Buntin, Reid & Co., paper manufacturers, where it was gotten under control. The loss is estimated at \$1,000,000.

The official announcement of dismissals among C. P. R. officials at Vancouver is only of a general nature. The many wild rumors published are incorrect. The saving by the cut on the Pacific division will be probably from \$5,000 to \$10,000 monthly. Shops have been shut down for the period between the arrival and departure of each trans-Pacific boat. Some six or eight junior clerks and office boys are all that have been affected to-day by the reductions. The dismissals, however, have been continuing for some months, since the retirement of Land Commissioner Browning and will continue for some time, including in the aggregate, a large number of employees.

Vice-President Shaughnessy, of the C. P. R., in interviews says that the retrenchment of the Canadian Pacific is owing to hard times, and adds: That is one of the exigencies which a great railway company has to face. We do not expect this depression to be permanent. When it comes we must provide against it and the only way to provide is by reducing expenses. It is a simple fact that the greatest care has been taken to keep those men who could worst stand dismissal. I by no means say there have been or will be no hardship. It happens that men who can ill afford it will have to be laid off. For instance, we have some men doing statistical work in the offices which can stand. Now these men would be dismissed even if they were married, because the work is not pressing and it is imperative that we should reduce expenses. On the other hand we could not dispense with men engaged in the revenue accounts, because the company is bound to know how these accounts stand. We are certainly taking care to make the hardship as light as possible. Only about 400 men are now employed in the locomotive shops, where 1,500 were employed a couple of years ago. As a result of the dismissals there is considerable misery and much complaint.

## ALBERTA ELECTION.

From correspondence appearing in the Lethbridge News of a recent issue it appears that T. B. W. Cochrane, of Melford, west of Calgary, intends offering as a candidate for Alberta at the coming elections. Thos. Farrar, of Lethbridge, wrote to Mr. Cochrane asking as to his political platform. The following is the answer:

Calgary, Alta., Dec. 29th, '94.  
Thos. Farrar, Esq.,  
Lethbridge.

Dear sir,—I have your favor of the 24th inst. asking what platform I should support in the contest, and which, as you know, it is hardly possible in a letter to go into the details of such a question, so very broad is it. Yet I beg to say briefly and generally that it is not my intention to be an iron clad supporter of either of the political parties. In general matters of legislation, however, I shall support the present government. I conceive it to be in the interests of the people of the Northwest that the representative should in all matters affecting the Territories be free and independent, and that shall be my attitude.

I am in favor of a much greater reduction of the duties on agricultural implements, coal oil, and such other articles as enter largely into the consumption of the people of the Northwest.

The placing absolutely on the free list all mining machinery.

I am in favor of a broad and free policy of immigration. I shall endeavor, if elected, to have the Territories set aside and divided into irrigation districts when the people desire it, and as the Dominion government hold the public lands, and as these lands would be benefited equally with those of private individuals, that they should bear their full and fair share of the cost of such benefits. Further, as they hold the lands and will continue to do so after the Territories are erected into Provinces, it is right and proper that they should guarantee the payment of debentures to be used by the districts for such purposes. By this method portions of the Territories which may not require irrigation would not be held for the cost of expensive works from which they would not derive any benefit.

I am in favor of a tariff for revenue only and the distribution of it so that it will in all respects bear as lightly as possible on the settler.

This in brief is my platform. I trust you may find it so liberal and independent that yourself and many friends in your locality will find it perfectly consistent with your views to give me your support. I hope to have the opportunity of meeting you personally before long, and meanwhile shall be pleased to hear from you.

Yours faithfully,

THOS. B. W. COCHRANE.

The following is Mr. Farrar's reply which also appears in the News:  
Lethbridge, Alta Dec. 31st, '94.

THOS. B. W. COCHRANE, Esq.

DEAR SIR,—Your favor of the 29th, to hand. Please accept my thanks for your courteous reply to my enquiry, which in all the principles there laid down, meets with my approbation, and no doubt of the approbation of my Liberal friends—but is hardly far enough in the right direction. For instance, the present government in the main have been in power for seventeen years or thereabouts, and all their legislation since their taking office has been wholly against the class to which I and my friends belong, that is the working class. Taxation has increased year by year, expenditure has followed in its train; gross jobbery and corruption and robbery of public funds have been attendant evils, and there is no better prospect for the future with the tremendous deficiency of the current year. They have nailed their colors to the mast and on them are inscribed protection—protection for monopolists—protection for combines; but free trade in that which is to the disadvantage of our class, bringing into the country hordes of competitors of no means, to compete with us in the labor market. You cannot get back again the tremendous amount of taxes already paid the government on mining machinery, which you know is a dead weight on us for all time.

Therefore we have no confidence in any legislation of the present government, and we cannot support heartily any candidate who is not prepared to vote want of confidence in them, however independent he may be.

I am, Sir,

Yours respectfully,

THOMAS FARRAR.

The chief company of Lethbridge are distributing a car of coal among the poor of Calgary. The C. P. R. had the car free. This is valuable charity and a good advertisement.

## LACOMBE LINKS.

At the meeting of the Royal Templars on Friday night, after installation of officers a mock parliament was formed. The subject decided for debate next week was: "Resolved that country life is more conducive to happiness than city life."

A fire occurred in the blacksmith shop of John Fincham, on Saturday morning about 6 o'clock, completely destroying it and most of its contents. Some of the losers as well as Mr. Fincham were: Mr. H. Cramer, a complete set of carpenter tools; Rev. Mr. Goodman, a new cutter donated by his congregation and which was nearly completed, besides smaller losses. The shop is being rebuilt and will be ready for business again in a few days.

Mrs. Elmer Bruce has just returned from across the line where she has been visiting friends for some weeks.

A congregational social and annual business meeting was held in the school house on last Wednesday evening, of the members and adherents of the Presbyterian church.

Mr. C. Morris of Morris & Co., left again this week on another trading excursion, this time to Buck lake. Mr. McKeen also returned to the same place where he and a friend have been trading, he having come in for more supplies.

Our snow about half disappeared on Saturday last, leaving it in good shape for the cattle to feed again.

Mrs. Johnston, mother of our merchant J. W. Johnston, who had the misfortune to fall while at her son-in-law's, Mr. Cairns, injuring herself very badly, is improving.

At a meeting of the young conservatives, held on Saturday evening, Jan. 12th, an association was formed with Nelson Standish, as president; John Fincham, vice president; Crawford Dolmage, secretary treasurer; Richard Foreman and Mr. Elliott, committee. The next meeting will be held two weeks from that date.

## POPULAR LAKE.

An entertainment was given by the Union Sunday school of Poplar lake on the evening of Friday, Jan. 11th, in the Poplar lake public school house. There was a large attendance, the building being crowded. Tea was served at 7 o'clock. After the tea the chair was taken by Joseph Rye and the following programme was rendered: Chairman's address. Chorus, Choir. Recitation, Lizzie Kennedy. Solo, Miss Shand. Recitation, Andrew Meneely. Chorus, Mrs. Fielders and family. Reading, Blanche Hutchings. Mouth organ solo, Miss Graham. Solo, Minnie Fielders. Dialogue, "The train to Mauro," Miss Tingley, Messrs. Briggs and McDiarmid. Trio, Mr. and Mrs. Fielders and Mr. Poole. Recitation, Bertie Tingley. Song, Laura Shand. Recitation, Maggie Shand. Duet, Mrs. Fielders and Miss Shand. Recitation, Miss Tingley. Chorus, Choir. Recitation, Miss Shand. At the close of the programme presents were distributed to the children from a Christmas tree.

At a meeting of the Little Mountain lodge of the Patrons of Industry held in Poplar lake school house on Monday night, five new members were enrolled and four applications for membership, were received. There was a good meeting.

A social for the benefit of the Baptist cause at Poplar lake, will be held in the house of Jas. McDiarmid on the evening of Tuesday, Jan. 29th.

A contribution of \$5.00 towards the proceeds of the social in aid of the Presbyterian church, held some time ago at Jas. McDiarmid's house, was received recently from Geo. Gordon Dustun, of Dartmouth, Nova Scotia. It was forwarded to Miss Mitchell.

## SUDDEN DEATH.

E. A. J. Meredith, of South Edmonton, died suddenly about ten o'clock on Tuesday forenoon. Mr. Meredith had suffered from an attack of pleurisy about two months ago, from which he had partially recovered and then taken a relapse. He appeared to be in a fair way towards recovery again, and was able to leave the house. On Tuesday morning he took breakfast in bed, and seemed to be fairly well until about ten o'clock when as he was sitting up in bed he complained of feeling faint, and almost immediately sank down. At first he appeared to be asleep but in a few minutes he was dead. The body will be sent east on tomorrow's train. Deceased was the eldest son of Dr. E. A. Meredith, L.L.B., vice-president of the Toronto General Trust Co., and was also a brother-in-law of Mervyn Mackenzie, of South Edmonton. He came to South Edmonton in February last, where he was agent for the town site company. He was in the 33rd year of his age and leaves a wife and two children, the eldest about five years old.

## CORRESPONDENCE.

To the Editor of the BULLETIN.

Sir,—As a rumor is circulated since the majority election is over that at a meeting of the St. Jean Baptiste Society held last Sunday, a resolution endorsing Dr. Wilson's candidature had been adopted, allow me to deny publicly such false insinuations through your valuable paper. The constitution of the society does not permit any political discussion, and for that reason we could not favor either candidate in any way during a regular meeting. Thanking you, Mr. Editor, I remain,

Yours truly,  
WILFRED GARIEPY,  
Sec'y. St. Jean Baptiste Society.

A terrible gale has been experienced in the British Isles, causing great destruction and loss of life, on the coast and inland. The Manchester express came into disastrous collision with a van, blown off the siding on to the main track during the gale, 145 injured and 13 killed.

The Governor-General seems to have jumped with both feet into hot water at Ottawa, by his attitude concerning the carnival. He will not give that enterprise the light of his countenance, on account of its being a special amusement not befitting the season of mourning for the late premier and the Ottawa local press reply that it would be better if example were shown by an abandonment of the vice regal parties in Montreal. Some of the principal subscribers promise to increase their subscriptions on account of the governor-general's attitude, and one journal proposes that the lieutenant-governor of Ontario be asked to preside instead of His Excellency.
